

MODULAR HOSPITALS

Rapid construction, Hurricane Approved and Earthquake Safe

Configured to order, operating rooms, quarantine areas, intensive care units, examination rooms, reception, registration, etc.

Hurricane Approved and Earthquake Safe

Our systems are designed to allow flexible configuration to your specifications with speed and ease of construction in mind.

The modules are prepared and configured to order in a few weeks. Meanwhile, the site is prepared with access to utilities. Then, the modules are transported to the assembly location and the hospital, school or medical center is ready and able to function. Ideal for critical emergency events - a solution for every human medical situation. The flexible configuration of the modules provides a perfect solution, from several standpoints; cost, reliability and function.

RAPID ASSEMBLY

DURABLE

CONVENIENT

RELIABLE

SAFE

LONG-LASTING
